

Welcome 2023 Right Size Giving Partner!

On behalf of our board of directors and the families we serve, we thank you for your partnership in our work. It is no secret that increasing costs of living are exacerbating the challenges for single-parent families living in our communities.

This reality only emphasizes the requirement for the education and training needed in order to gain living wage employment. Your investment means that single parents in Northern Colorado can have the resources they need in order to pursue and complete the career and education goals that will transform their lives and bring new opportunities for their children.

We have big plans for 2023 and cannot do it alone. Thank you for choosing to play this instrumental role in our success.

In gratitude,

Tracy Mead, MIBS

Chief Executive Officer
