

2025 Right Size Giving

Corporate Partners

Bring the power of education to single parents.

Want to play an essential role in changing the future for single-parent families? By joining as a Right Size Giving Partner, your support will empower single parents in Larimer and Weld counties to overcome significant barriers to economic mobility. Your dollars make a difference by addressing needs like housing, childcare, transportation, mental health, and more, ensuring these parents can achieve post-secondary success.

At Project Self-Sufficiency, we believe businesses that give are essential to our mission. Supporting single parents in their pursuit of higher education drives both economic growth and community well-being, and your partnership is a crucial part of that impact.

Our Right Size Giving Partnership levels offer businesses of all sizes a simple, year-round sponsorship opportunity with lasting benefits—from broad recognition to meaningful engagement with our work. With four "Power Levels," you can invest in a way that aligns with your organization's goals, knowing you're making a lasting impact in the lives of single-parent families.

Right Size Giving Benefits	Power Level 4 \$10,000	Power Level 3 \$7,500	Power Level 2 \$5,000	Power Level 1 \$2,500
